WEDNESDAY, JANUARY 31, 1900

EASTERN PEOPLE BEGIN TO THINK

The single gold standard as it is presented by late legislation in Congress is not receiving a support that is encouraging to organized capital in the east. The additional legislation that became necessary to make a complete job, such as the money power intended the single standard to be, is not accepted as a harbinger of good times by many Republicans and Democrats who supported the single standard idea, because they had taken very little interest in the money question.

The standards have not been discussed east of the lakes as they have been west of the Mississippi. The people at the east were largely satisfied with the empty sounds given out by the single standard people, including "sound money," "fifty-cent dollar" and other meaningless phrases used by those who were as ignorant of the real issues as those to whom they were repeating the platitudes used by the non-thinking among the people, effecting a question that includes the future prosperity and future progress of the world.

The ignorance there is upon the money question in the east is more than could be expected among an otherwise intelligent people. The chief cause for ignorance is that finance has not been subject upon which the mass of the people have been taught to think. Their thoughts upon the subject began and closed upon the values and prices of their products and the margins there would be to pay taxes and provide the necessities of life.

It being true that no thought has been given to the consequences of a single standard of value that would effect their future prosperity and happiness, they are not prepared to pass an intelligent judgment. The people of the west being more directly interested in the question effecting their prosperity, gave to the matters included in a large metallic circulation much thought, which has been the means that has given to the western people a better knowledge of money and finance than there is in the east. The suppression of the greenback, to which they had become accustomed and in which they reposed the utmost confidence as a money factor, has taken them by surprise. They are unable to understand upon what principle there can be an improvement upon the greenback for money purposes. Nor do they understand why it is that the greenback should be taken from the people without consulting them about its propriety.

Light is dawning upon the minds of many who have been, like of the President of the United States, a mere convenience to the money power of the country. Should matters continue as they have been from the beginning of the gold standard agitation, the chief question that will be given to the people to solve will be, what can we do to procure money to pay taxes and buy bread?

The people do not understand that any improvement will be made by a substitution of national bank notes for government currency. They have confidence in the government, but have misgivings about banks. Greenbacks are the people's money, and as long as government stands, which they believe will be for all time, government notes will have a face value.

The change presents two views that the people are not satisfied with, one of which is the instability of banks whose circulation is secured by government bonds that are subject to fluctuation in value, and the other includes a national indebtedness for all time to secure bank issues which will entail upon the country the payment of interest without a time limit, which is not all there is included in a bond security theory.

There is presented to the people an increasing bonded indebtedness of the country for an indefinite period of time that will be required to meet the demands for security by national banks as business in the country develops.

These facts are leading many to the discovery of truth that has been veiled in the misteries of finance from the beginning of the gold standard fraud.

The people of the east should not be censured for their convictions so much as the public press for its course on the most vital question that is before the country and the world. The newspapers in the east have presented the financial question in all its forms from a single standard position from the beginning of discussion on the question.

The absolute dependence of business prosperity upon plenty of final redemption money was not presented in any of its controlling forms on commerce or upon business prosperity which means prosperity to the people and as a result the people east of the lakes have not had the opportunity for information on the financial question that western people have had.

The money question has been presented to the people of the east in a form other than is presented in the establishment of greenback money which representation was made in the panic a few months ago. The cause of the panic was so clearly traceable to the South African war and the use that England has for gold to conduct the war that the money power had to admit the truth to furnish an excuse for stringency in the money market at the east which would have made a com-

plete collapse of the national banks involved had it not been for the action of the Secretary of the United States Treasury who supplied government funds to relieve the pressure.

The insecurity of the national banking system had light thrown upon it, during the panic, at a very inopportune time for the single standard business before Congress. Should it be that a little war fury such as England has with the Boers in South Africa has caused a panic in our country, what will be the result when England is in war with a nation equal in power to Great Britain? The consequences that would fall upon us under the system prepared for us by the single standard people, through the Republican party, would be most disastrous to the country.

The panic has established a fact that the money power has not taken into consideration, or it was not prepared to meet it, and that is our dependent condition financially.

The panic has established that we will be absolutely dependent on Great Britain for financial prosperity which is not flattering to American manhood or to American commerce or business, but whatever is upon England's style of business, commerce or government it seems the money power will follow to the destruction of our best interests and the enslavement of our people to money power in England.

SHOOTING OF GOEBEL.

News of the shooting of William Goebel, who was the Democrat candidate for Governor of Kentucky and is now the contestant for that office against Taylor, was received yesterday. He was shot near the capital at Frankfort. The shot that wounded Mr. Goebel was fired from a third story window of the capitol building. There

were with him when he was wounded Colonels Jack Ohinn and Eph Lillard, warden of the penitentiary at Frankfort.

The wounded man when shot fell to the ground, and his friends, while supporting him, were fired upon from the capitol building four times. None of the shots took effect. The wounded man was taken to his room in the hotel, where his wound was examined. The physicians who made the examination stated that the wound was not necessarily fatal.

There was great excitement in the city after the shooting occurred. There was no lawlessness, and at present writing no trouble is anticipated.

There has been much feeling over the contest by Goebel for the governorship, which has culminated in a very cowardly way. A man is under arrest who is charged with the shooting, but it is not certain that he is the assassin.

PERSONALS.

N. J. Foxwell came down from Verdi yesterday.

Frank Laws of Empire came in yesterday for an extended visit to this gay burg.

George P. Russell, editor and proprietor of the Golconda News, is sojourning in Reno.

Indignation in Kentucky.

Special to the JOURNAL.

FRANKFORT, Jan. 31, 3:20 A. M.—At this hour William Goebel is still living. In fact, his physicians entertain strong hopes for his recovery. The town is thronged with country people. The feeling is intense but suppressed. The brooding storm of popular indignation may break at any moment.

Hospital and Funeral Ship.

Special to the JOURNAL.

SAN FRANCISCO, Jan. 30.—The Transport Thomas arrived this afternoon from Manila. It brought a cargo of soldiers' remains, including the bodies of General Lawton and Major Logan. There were 134 sick and 17 insane soldiers aboard.

Brief Bits of News.

Grant is reported to be ready to board steamer near Altona, Germany, to throw his support to Burns for the Thirty laborers were drowned.

William Goebel, the Democratic candidate for the governorship of Kentucky, was shot at noon yesterday.

WAR ECHOES.

British casualty list is now near the ten thousand mark.

Buller's reverse is conceded to mean the doom of Ladysmith.

The bombardment of Kimberly has already resulted in several fatalities.

MINES AND MINING

IN THIS STATE

News of Nevada's Leading Industry
Clipped From Sagebrush
Exchanges.

A gold bar of bullion valued at \$1,500 has been received at Salt Lake from the New Pass mines, situated about 23 miles west of Austin.

J. H. Rae, superintendent of the Dividend Mining Company, will start work on a new crushing and concentrating plant at Omo next week.

On the morning of the 25th instant the water in the O. & U. shaft had been lowered to a point 141 feet 8 inches below the 1950 level station. This is the lowest point reached by the present drainage system.

Set for Trial.

A gasoline boiler has been installed at the Young American mine at Tuscarora. The Cornish pump at the mine has been run by gasoline power for some time with perfect success.

Two steam whistles are heard at Deerlodge now and grading has begun for the mill to be erected by McCune, Lund & Co.—Pieche Record.

The Kent Mining Company of Chicago has placed bonds on ten claims composing the Glen Lyon and Glen Levit groups in Humboldt county.

Will Be a Musical Treat.

The entertainment and dance to be given in the gymnasium Friday evening promises to be a brilliant musical and social event.

The students are out rustling and have already sold a great number of tickets. To patronize this affair will mean that you are interested in the welfare of the University.

How Awful!

The following startling piece of news appeared in a recent issue of the Silver State:

One hundred dollars reward is offered sixty feet down the shaft of the Pioneer mine near Towles, Cal., and was taken out paralyzed.

Mr. and Mrs. P. H. Gordon have returned from San Francisco where Mrs. Gordon has been undergoing medical treatment. She is gradually regaining her health and her many friends hope to see her speedy recovery.—Truckee Republican.

As a cure for rheumatism Chamber-
lain's Pain Balm is gaining a wide re-
putation. D. B. Johnston of Rich-
mond, Ind., has been troubled with
that ailment since 1862. In speaking
of it he says: "I never found anything
that would relieve me until I used
Chamberlain's Pain Balm. It acts
like magic with me. My foot was
swollen and painful very much, but
one good application of Pain Balm re-
lieved me. For Sale by Wm. Pinniger,

A WRECK ON THE

NARROW GAUGE

The South-bound Train Leaves the
Track Four Miles North
of Reno.

There was a wreck on the N-O-O.
road yes'terday afternoon. The south-
bound train met with a mishap while
rounding a sharp curve a mile north of
Riter's mine.

The tender jumped the track and
pulled the engine with it, both turning
over. This cut the air and brought
the cars to a stop without throwing
them from the track.

Engineer Taylor stuck to the throttle
and was wedged behind the reverse
lever. He sustained severe bruises
but was not seriously injured. Fire-
man Welch jumped and escaped un-
hurt.

The balance of the train crew and
the passengers were shaken up a little
but none were hurt.

No reason can be assigned for the ac-
cident unless it was caused either by
too slight an elevation on the curve or
a defect in the tender trucke. The
cab was smashed and some of the
metal work twisted but the damage to
the locomotive is not extensive.

Buses were sent out for the mail,
express and passengers. The road
will be cleared to day.

The Pirates of Penzance.

This ever popular production of the
imitable Gilbert and Sullivan will be
produced at the opera house next
Wednesday evening for the benefit of
the Reno Wheelmen.

It will be presented by the Virginia
Philharmonic Society, an organization
which scored a great success with their
late production of the piece on the
Comstock, a success so pronounced
that they have, in response to many
requests, consented to repeat the per-
formance before coming to Reno.

Since being presented before, the
production has been improved in many
ways; the cast has been strengthened
by the addition of new people, includ-
ing the remarkable baritone, Mr. B. A.
Augustine of San Francisco, and the
people of Reno will have the opportu-
nity of witnessing a much more finished
performance than the original.

The cast is a large one, a chorus of
50 voices being included in the combi-
nation. A couple of carloads of
Comstockers and Silver City people
will accompany them to Reno and help
to whoop'em up.

The box office is now open at Rosen-
thal & Aramko's and seats are going
fast.

The Lighting Plant.

When the new electric lighting plant
now being installed by the Reno
Water, Land and Light Company is
completed, the service given this city
will be eminently satisfactory.

President Kaiser is giving the con-
struction work his close personal
supervision.

Two arc machines are being put in.
One of these has a capacity of 45 lights
and the other will furnish 50 lights.
The arrangements will be such that
each can be used independently. The
incandescent light machines will be
similarly arranged. One of these
dynamos will furnish 2400 lights on
the city load, and in case of burning
out or other accident, consumers of
light will not be aware of the fact, as a
turn of the hand will throw another
machine of like capacity into action.

Mr. Askins, the company's elec-
trician, has designed the switchboard
so that an uninterrupted service will
be assured.

The switchboard will be constructed
of marble in order to avoid danger
from fire caused by crossing of wires.
In fact, the arrangement of wires in
the building corresponds with the re-
quirements of the board of fire under-
writers.

Sporting Houses.

The following gambling games have
been licensed to run in Washoe county
for the months of January and Feb-
ruary:

Faro, E. T. Lothrop, Wadsworth.
Faro, S. Franicevich, Wine House,
Reno.

Faro, Arcade hotel, Reno.
Faro, J. A. Fitzgerald, Palace hotel,
Reno.

Percentage poker, Arcade hotel, Reno.
Klonide, Arcade hotel, Reno.
There are 36 saloons in Reno, 6 in
Wadsworth, 8 in Verdi, and one each
at Huffaker's, Washoe, Franktown and
Laughton springs.

A Life and Death Fight.

Mr. W. A. Hines of Manchester, Ia.,
writing of his almost miraculous escape
from death, says: "Exposure after
measles induced serious lung trouble,
which ended in consumption. I had
frequent hemorrhages and coughed
night and day. All my doctors said I
must soon die. Then I began to use
Dr. King's New Discovery for Con-
sumption, which completely cured me.

I would not be without it even if it
cost \$5 a bottle. Hundreds have used
it on my recommendation and all say it
never fails to cure Throat, Chest and
Lung trouble." Regular size 50¢ and
\$1. Trial bottles free at S. J. Hodgkin-
son's drug store.

Laid to Rest.

Mrs. Nancy Noble was buried yester-
day afternoon. Services were con-
ducted at Cummings & Stockton's
undertaking parlors by Rev. Samuel
Unsworth.

For Sale Cheap.

25 cents off on the all pur-
chases of ladies', misses and children's

University Notes

THE Y. M. C. A.

The Young Men's Christian Associa-
tion still continues in a flourishing
condition. It is thought that this
organization is as strong as last year
in every particular. Members report
that considerable interest is taken in
the bible study class.

Meetings are held every Sunday and
are always well attended. This speaks
well for the boys.

Prize Contest.

Three prizes for the best three essays
are offered by the Independent Associa-
tion, the articles submitted to be for
publication in the "Artemesia."

The rules of the contest read that
there must be not less than five con-
testants and that the articles must be
submitted before February 1st.

The Annual.

The Independent Association met
yesterday to consider the progress
made in regard to the publication of
the college annual "Artemesia." It
could not be learned what arrange-
ments were made. However, it is
thought that most of the copy for it
will be in the hands of the printers
within a week or ten days.

Freshmen Election.

The class of 1903 held a meeting yes-
terday at which they elected officers.
Most of the former officials were re-
elected. They now consist of:

Ed. Lyman, President; Jas. Mc-
Vicker, Vice-President; Mable Richard-

son, Treasurer; Barney O'Hara, Ser-
geant-at-Arms.

Stanley Mitchell was chosen captain
of the Freshman baseball team.

Farce Comedy.

The entertainment of the Philo-
mathem Society, February 8, promises
to be the event of the season in Uni-
versity circles. Their program, posted
on the bulletin board, shows an un-
usual amount of talent and that great-
er care was used in selecting the numer-
ous parts.

A two-act farce entitled "A Proposal
under Difficulties," is one of the main
features. The play will be under the
direction of F. P. Dann. Following is
the cast:

Bob Yardsley H. H. Dexter
Jack Barlow James Giles
Dorothy Andrews Maude Nash
Jennie, a maid Lulu Colp

At this entertainment is open to
everyone and no admission will be
charged, it is thought that a large
audience will greet them in the gym.

Short and Sweet.

Aspiring Theepians are busy these
days rehearsing for entertainments
that are scheduled within the next few
weeks.

Captain Moorman had his squad at
work in the gym for a while yesterday.

A brief session of the track com-
mittee was had at 4 o'clock. Minor
matters were discussed.

Leavitt cancelled his sets for the
show last evening. We wonder why?

Some gentlemen eating at the Owl
lunch counter one day this week were
praising the excellent quality of the
beefsteaks. The fact developed that
those steaks were shipped up by ex-
press from San Francisco. But the
more remarkable fact was brought out
that the beef from which those loins
were cut had been fattened in the
Lovelock Valley and shipped to San
Francisco. There are some strange
things in this world.—Lovelock Tri-

Glorious News.

comes from Dr. D. B. Cargile, of
Washita, I. T. He writes: "Four bot-
tles of Electric Bitters has cured Mrs.
Brewer of scrofula, which had caused
her great suffering for years. Terrible
sores would break out on her head and
face, and the best doctors could give
no help but her cure is complete and
her health is excellent." This shows
what thousands have proved—that
Electric Bitters is the best blood puri-
fier known. It's the supreme remedy
for sczema, tetter, salt rheum, ulcers,
boils and running sores. It stimulates
liver, kidneys and bowels, expels poisons,
helps digestion, builds up the
strength. Only 50 cents. Sold by S.
J. Hodgkinson Druggist. Guaranteed.

Notice.

NEWS OF THE SAGEBRUSH STATE

Brief Items Culled From Exchanges From the Four Corners of Nevada.

One of the smelter furnaces at Goldsboro was fired up one day last week.

Willie Murphy's dog swallowed a dollar says the Courier. It was dog-gone poor investment and sorrow and remorse dog Willie still. But it's another banking institution for Gardnerville, safe, time-lock and all.

David Crosby, a prominent citizen of Virginia City, was arrested the other day for pulling down the notices of tax suits put on his buildings by the sheriff. Crosby was under the influence of liquor when arrested and it took the sheriff, his deputy and a policeman to take him to jail. He was afterward released on \$125 bail.

Notice to the Public.

Any one who wears underwear socks, overshirts, etc., and is contemplating a change, would do well by making a call at A. Nelson's furnishing goods store, Virginia street, where he will find the most complete line of furnishing goods of all kinds in Reno, sold at the lowest living prices.

He carries all sizes of Hamilton Garhart's engineers' overalls and coats, Levi Strauss & Compa's overalls, and Tostle, Wheeler & Mitter's overshirts and underwear. The above goods speak for themselves.

All the latest patterns of golf and winter caps, and the up-to-date styles in hats always on hand.

He also carries the most complete line of smoking and chewing tobacco, cigars, cigarettes, smokers' articles, etc., on the coast, which he sells at wholesale and retail.

Free employment office in connection with the store.

Bids Wanted.

SEALED PROPOSALS WILL BE RECEIVED by the county of Washoe, Nevada, for doing all the county printing and advertising for the year 1890. Blank books of the several officers and the publication of matters connected with the delinquent tax list, as now provided by law, are excepted, but in all other respects the term of office, and the period of time to be used, are left to the several officers of the county, including the District Court, together with bills allowed, all the necessary blanks required by the several officers, including envelopes, letter heads and other stationery. Also all necessary prints in connection with the coming election of 1890, including regular notices, bulletins, sample ballots, and the publication of registration notices and regular lists.

Bidders will name a gross sum for the calendar year 1890; the county to pay contract sum in twelve equal payments, payable at the end of each month.

Proposals must be received by the County Clerk at his office until February 5, 1890, at 12 o'clock noon.

All bids to be under seal directed to the County Clerk of Washoe county and marked on the outside "Proposals to Print."

The board reserves the right to reject any or all bids.

By order of the Board of County Commissioners of Washoe county, Nevada.
